May 29, 2021

Greetings!

I am pleased to welcome everyone to the 4th Biennial Buganda Bumu North American Convention and to congratulate Ggwanga Mujje Midwest for their ongoing contributions to the State of Illinois.

Bringing people together to celebrate traditions is a wonderful way to share culture, honor heritage, and educate new communities about the world beyond their own backyard. Through their support in hosting this convention, Ggwanga Mujje Midwest continues to enhance the cultural, social, and economic relationships between Baganda living in North America and those living in Buganda and Uganda.

This convention is an excellent opportunity to reflect on all you have accomplished and to make plans for the future that build upon that success. I have no doubt your organization will continue to excel for years to come, and I commend everyone at Ggwanga Mujje Midwest for their hard work, dedication, and passion.

On behalf of the people of Illinois, I offer my best wishes for an enjoyable and memorable 4th Biennial Buganda Bumu North American Convention.

Sincerely,

Governor JB Pritzker

MESSAGE FROM THE CHAIRMAN OF BBNAC2021 CONVENTION EXECUTIVE COMMITTEE

I warmly welcome you all to the 4th bi-ennial Buganda Bumu North American Convention (BBNAC'21).

As Chairman of the host team, I had anticipated welcoming you to any one of our great cities in the Midwest USA. However, the Covid-19 pandemic has made that impossible. All the same, I am glad you have joined in virtually.

As Chairman of the Convention Executive Committee, I was honored to lead a team of very dedicated people who worked tirelessly to set up this convention. Please join me in saying thank you to the entire organizing team.

The theme for this convention is the "Okusoomozebwa mu Nkozesa y'Ebyuma bi Kalimagezi mu Buganda" (IT Challenge in Buganda).

We are in the age of information technology. Ssaabasajja Kabaka, in his foresightedness, created a department in his government dedicated to information technology. We in the diaspora need to give helping hands to Ssaabasajja Kabaka in this endeavor. We ought not to let Buganda lag behind in what is quickly becoming an aspect of daily life. I look forward to fruitful discussions during this convention and I am hopeful that these discussions will lead to long term benefits to Nnyaffe Buganda. I am confident this convention will provide us with the opportunity to honor our beloved King, Ssaabasajja Kabaka, the Katikkiro, His majesty's government and the people of Buganda.

AWANGAALE SSAABASAJJA KABAKA WA BUGANDA.

Once again, ladies and gentlemen, welcome to the BBNAC'21.

Obubaka bw'Omubaka mu Ssaza lya Midwest USA

Canada Anthem

O Canada! Our home and native land! True patriot love in all thy sons command. With glowing hearts we see thee rise,
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.
God keep our land, glorious and free!

O Canada, we stand on guard for thee;
O Canada, we stand on guard for thee.
O Canada! Where pines and maples grow, Great prairies spread and Lordly rivers flow! How dear to us thy broad domain,
From East to Western sea!
The land of hope for all who toil,
The true North strong and free!
God keep our land, glorious and free. O Canada, we stand on guard for thee! O Canada, we stand on guard for thee!

O Canada! Beneath thy shining skies,
May Stalwart sons, and gentle maidens rise. To keep thee steadfast thro' the years,
From East to Western sea.
Our own beloved native land,
Our true North strong and free!
God keep our land, glorious and free.
O Canada, we stand on guard for thee!
O Canada, we stand on guard for thee!

Ruler supreme, who hearest humble prayer, Hold our Dominion, in thy loving care. Help us to find, O God, in thee, A lasting rich reward.
As waiting for the better day,
We ever stand on guard.
God keep our land, glorious and free.
O Canada, we stand on guard for thee!
O Canada, we stand on guard for thee!

Star Spangled Banner

Oh, say can you see by the dawn's early light
What so proudly we hailed at the twilight's last gleaming? Whose broad stripes and bright stars thru the perilous fight, O'er the ramparts we watched were so gallantly streaming? And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say does that starspangled banner yet wave
O'er the land of the free and the home of the brave?

On the shore, dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam, In full glory reflected now shines in the stream:
'Tis the starspangled banner! Oh long may it wave O'er the land of the free and the home of the brave.

And where is that band who so vauntingly swore
That the havoc of war and the battle's confusion,
A home and a country should leave us no more!
Their blood has washed out their foul footsteps' pollution. No refuge could save the hireling and slave'
From the terror of flight and the gloom of the grave: And the starspangled banner in triumph doth wave O'er the land of the free and the home of the brave.

Oh! thus be it ever, when freemen shall stand
Between their loved home and the war's desolation!
Blest with victory and peace, may the heav'n rescued land Praise the Power that hath made and preserved us a nation. Then conquer we must, when our cause it is just,
And this be our motto: "In God is our trust."
And the starspangled banner in triumph shall wave
O'er the land of the free and the home of the brave.

UNAIDS Re-Appoints Kabaka as Its Goodwill Ambassador for East and Southern Africa

Mic Media Reporter · October 2, 2020 · 1 min read

"UNAIDS appointed the Kabaka in 2017 as the goodwill ambassador for the fight against HIV/AIDS and I'm glad to announce that it has reappointed him up to 2023, the responsibility the Kabaka has accepted to shoulder," Mayiga said.

The very popular Kabaka's Birthday Run, which Ssaabasajja Kabaka flags off every year, attracts tens of participants--young and old. They come from every region of the country in support of his initiative to support Sickle Cell Anemia. The event has raised awareness and support throughout the country and remained extremely popular. Like most programs, Covid-19 has been the show-stopper.

THE CASE FOR FEDERALISM IN THE 21ST CENTURY: A STRATEGIC REVIEW OF AND NEW MANIFESTO TO GUIDE THE STRUGGLE FOR FEDERALISM IN UGANDA

1.0 INTRODUCTION

1.1 This paper is prepared pursuant to the Second Tenet of the Kingdom's Five Core Tenets (*Ensonga Ssemasonga Ettaano*) and the Buganda Kingdom's Strategic Plan (*Enteekateeka Nnamutaayiika)* 2018 -2023. The Second Tenet speaks to Buganda's aspiration to a fair, equitable, transparent and sustainable division of power using a federal system of government.

1.2 This paper examines a brief history of federalism in Uganda and its failure. It examines the struggle restoration of federalism; its achievements and limitations. It is our central argument that whereas federalism can be restored to Uganda, there is an urgent need for a change of strategy on the part of the proponents of federalism. Advocates for federalism have concentrated on calling upon the Central Government to commence (or re-engage in) negotiations for the "restoration" of a federal government. Preparation for federalism on the part of the Buganda Kingdom has largely taken the form of debating, drafting and refining negotiation positions. This has lent itself to the mis-conceptualisation of the problem and also engendered a misrepresentation of the Kingdom's aspiration as a reactionary yearning for past glory or a return of feudalism. **We have come to perceive the quest for federalism largely as a legal/legislative pursuit rather than as the complex political effort that it truly is.** It is our contention that the fast changing political, demographic and economic factors are rendering the present strategy impractical and ineffective.

1.3 This paper advocates for the creation of a new alliance and new messaging. We advocate for the engagement in the creation of a new grassroots efforts across the country to win over a new generation to the idea of federalism as a guarantee for lasting peace, happiness, prosperity and stability in Uganda and elsewhere in Africa. We also advocate for the use of local, regional and international levers to achieve the long-standing goal of a federated Uganda. **Our aim should be to drive a new commitment to the federalism ideal and to put it at the heart of a new political consensus for Uganda. We need to develop and fine tune the message in language that speaks to the diverse (in terms of ethnicity, gender, socio-economic class etc.) generations of today and tomorrow. The case for federalism must be couched in terms of internationally recognised democratic rights. It must be progressive and inclusive. Federalism should come to be understood by the majority of the population as an essential guarantee of freedom, happiness and prosperity. Above all, the quest for federalism should be made practical; it should descend from the realm of ideas into simple practical steps that need to be taken.**

1.4 For the purposes of this paper we have adopted a simple definition of federalism. Federalism is a system of government, based on a written constitution, in which the same territory is controlled by two levels of government. Power is divided between a federal government and

MESSAGE FROM SSAABASAJJA KABAKA'S REPRESENTATIVES IN COLORADO, UTAH, MONTANA, SOUTH AND NORTH DAKOTA

Oweekitiibwa Esther Nassuna Kiragga-Lyles

Greetings from the Rocky Mountains of Colorado, Utah, Montana, and North and South Dakota. On behalf of Ssaabasajja Kabaka, Ronald Muwenda Mutebi II subjects, the Deputy Representative, Omukungu, D. C. Kiyemba and I wish to congratulate Gwanga Mujje-Chicago, for all the arrangements of BBNAC 2021 despite COVID-19 challenges. I thank God Almighty for sustaining us to this day. Our hearts go out to all the people who have lost loved ones and those that have been afflicted in one way or another. A shout-out to our fellow Representatives (Babaka) for keeping the fire burning in their respective areas. We are truly honored to participate, collaborate, share, and discuss issues that affect Buganda communities in the diaspora and Uganda.

The BBNAC 2021 theme, "Information Technology Challenge" is very applicable in our everyday lives and a key framework for a prosperous Buganda, especially the young generation. It gives us a competitive edge in the business world as well. Some of the main objectives would be for Buganda to produce graduates who are capable of developing software, analyze computer systems, execute programming, web design developers, data base administrators, study the human computer interaction (user experience), artificial intelligence, networking and cyber security tools, among other skills.

We are grateful for the governance of Ssaabasajja Kabaka. His championship of the Sickle Cell Anemia campaign and ambassadorship of the Aids Project, are applauded. May the Lord preserve Ssaabasajja Kabaka and bless him with good health. We are also thankful for Katikkiro, Charles Peter Mayiga's leadership. Last but not least, Minister of State for Local Government, Royal Visits and Buganda Affairs Abroad, Oweekitiibwa Joseph Kawuki for his guidance in everything we do for Buganda.

We have continued to engage the young people; teaching them our language (Luganda) and culture, which are the two of the main pillars, because language defines who we are as Baganda. The leaders of our local Baganda association, Colorado Buganda Heritage, Mr. Moses Ddamulira and his assistant Mr. Twaha Ntege, who also serves as our attaché to BBNAC, have been an integral part in this endeavor. We are very grateful to them.

Currently, in partnership with the Wells of Life, a nonprofit organization, we are working on a campaign to provide clean water to Kabaka's subjects in Uganda. We are hoping for a successful project this year.

This convention is loaded with knowledgeable people and resources. Therefore, we encourage the young people to learn, utilize, and take advantage of the tools provided.

Ssaabasajja Kabaka Awangaale

GREETINGS FROM BULUNGI BWANSI BUVANJUBA

(New York, New Jersey, Delaware, and Pennsylvania)

Dear BBNAC'21 participants,

Bulungi Bwansi Buvanjuba is pleased to be at the BBNAC'21!

We greet and congratulate His Majesty, the King of Buganda, Ronald Muwenda Mutebi II, on his 66th birthday. Our King, we pray for you, wish you well and many more birthdays.

Our warm regards to the Buganda royals and the Kingdom leadership: The Katikkiro, Ministers, and Lukiiko Members.

Fellow participants, 2020 was a trying year! We lost loved ones, jobs and investments. We fell sick, cared for the ill and were confined to our homes in lockdowns.! We lost a Year!

Our deepest condolences to the bereaved! May the deceased's souls rest in peace!

The COVID-19 pandemic taught us many lessons, including the need to make our communities here and back home prepared and resilient to withstand turbulence. Bulungi Bwansi confirmed the need for a resilient Munno Mukabi mechanism!

We thank BBNAC and Gwanga Mujje Midwest for beating the odds and organizing BBNAC'21, virtually, leveraging the prowess of the digital revolution - which also happens to be this convention's theme. We strongly support this theme because digitalization underpins most future prosperity opportunities. Therefore, we appeal to all Kabaka's subjects in the diaspora to strive and close the digital divide back home: between rural and urban, females and males, young and old, and the haves and have nots!

We look forward to participating and supporting the deliberations and decisions of this convention.

Dr. Charles Katende – Chairman

Greetings BBNAC delegates!

I congratulate Ggwangamujje Midwest for hosting the 2021 BBNAC Convention under the challenging times of COVID-19. Our communities have faced similar challenges but have demonstrated the ability to adapt and keep our members engaged in Buganda activities

BBNAC brings our local chapters together under one umbrella and this spirit of togetherness exhibited at the biennial convention is the glue we need to stitch together the values and prosperity of Buganda.
As Baganda in the Diaspora we often depart and resettle with no belongings from our previous life. What we bring along are memories of customs, beliefs, words of songs, stories, our language, culture and norms.

Our cultural associations in the Diaspora have a duty to grow the Buganda tent and transfer that knowledge and rich culture to first and second generation Baganda. These fruits of Buganda need a space like BBNAC to construct an identity rich in their cultural norms as they blend and evolve into global citizens.

Today, we honor the sacrifice and hard work of all those that continue to make Buganda a shining star in the pearl of Africa. Your strength, wisdom, courage and resilience will forever make Buganda and the Diaspora a better place. Happy BBNAC Convention!

Twebaza Katonda olw'ekirabo ky'obulamu bwa Ssaabasajja Kabaka Ronald Muwenda Mutebi II. Tusaba omutonzi amuwangaaze asigale nga akulembera Obuganda.

It is fitting that Information Technology (IT) is the convention theme. The year 2020 gave all of us an opportunity to learn and understand how IT affects our lives. We are looking forward to the discussions led by experts in the field that will help us uncover opportunities to help Buganda achieve greater things ('Buganda Ku Ntikko').

We are glad see the different IT opportunities that emerged during the COVID-19 lockdown, exploring various ways to transact business, educate, deliver services, and engage in cultural functions. We are especially pleased that technology allowed people in the diaspora to attend cultural functions in real time.

Davis Ssali

I'm David Ssali, and I'm 18 years old, so I'm an adult (albeit a young adult), but that's beside the point. While I was in Uganda and when I moved to the United States, I noticed a number of parallels between the two countries, but the one that concerned me the most was the educational system. The US education system is student centric. They concentrate on the students' personal and social growth, which contributes to their overall development. Educators in the United States favor vocational learning and employ realistic and practical methods. Projects are assigned to students on a daily basis. To complete those projects, they must work with all stakeholders (family, students, teachers, professors, and so on) to gain a comprehensive understanding of the topic. One might call it a type of networking. Although some schools across Uganda manage to make do with what they have (primarily in large cities), schools in smaller cities or villages (such as mine) are out-of-date, lack funding, and, while teachers may indeed be encouraging and inspired, it doesn't matter if the students aren't interested or motivated. The majority of this may be attributed to the students' social milieu and family circumstances.

Brianna Barbara Kitaka

Hello

My name is Brianna Barbara Kitaka, I am 14yrs old. I am a Ugandan and a muganda by tribe, I belong to the Mamba clan, which is one of the 50 clans that make Buganda Kingdom. Our King is Ssaabasajja Ronald Muwenda Mutebi.

In my culture Buganda, girls and women kneel while greeting elders, we dress up in a respectful way, we do not talk back to elders, we have communal responsibility too.

However, in America the cultural differences are so huge, kids and youth are brought up differently.
I am glad that I have kept the norms under which I was raised.

Thank you.

Brianna Barbara Kitaka.

Message by Jennifer Babirye Nambogga

My name is Jennifer Babirye Nambogga, I am an 18-year-old Muganda girl living in Seattle Washington with my family. Something I noticed that is different between Uganda and America is that most schools in America are not boarding schools like in Uganda.

When me and my twin sister were in high school here in Washington, people didn't believe we were related because we didn't have the same last name. In the American culture most families have the same last names, but for the Buganda culture we have different last names but we are from the same clan which is determined by your father.

We tried to explain to them that a clan represents a group of people who can trace their lineage to common ancestry, but they didn't understand what we were trying to teach them. One last thing that I noticed is that America doesn't have a kingdom. They only have a government and a president while in Uganda we have different types of kingdoms like the Buganda kingdom and a president as well.

Messages by Danitah Naggayi

My name is Danitah Naggayi. I am 14 years old. For me I didn't really "grow up" in Uganda that much I mean I was born there but then when I was 5 months I came to America with my mom and dad. I do wish I got the full Ugandan experience like going to boarding school and growing up there. But my childhood in America is not that different from a Ugandan childhood besides going to boarding school. I do the same things a normal Ugandan child would do I cook, clean and respect my elders. I do wish that I did the whole kesakate thing in person vs having to do it online. Since I'm America we don't have kesakate here we had to do it online but even though I didn't do it in person I still understood the concept of it and what we learned.

Message by Shidrat Nabbale Bwanika

Hi, my name is Shidrat Nabbale Bwanika. My household here, isn't so different to households in Uganda. In my family, we still do the things an ordinary Ugandan child does. For example: Greeting your elders while kneeling, Cook and eat traditional food, fluently understand and speak Luganda, pray, respect adults, and go to school.

A Letter from Jemimah Nabunya

My name is Jemimah Nabunya, I'm 14 years old. I'm here to talk about the things we do here in America and what we do in Uganda. Here in America we greet elders and adults while kneeling, just like how we do it back home in Uganda. In Uganda we eat traditional foods like matoke, enkoko, kawoo, omuceere and so much more, which is easily accessable at the market. Meanwhile here in America it's a struggle to eat traditional foods because we have to look for stores that sell matoke or African stores. Life in uganda is easy going and theres less stuff to stress about, tho life is very stressful in America for both teens and adults its very fun and theres a lot of opportunities. I'm also very thankful that I know about my culture even I live in America. :)

Message from Rabibah Nameeruka Bwanika

My name is Rabibah Nameeruka Bwanika, I am 15 years old, life in America So different from Uganda because in Uganda you can never find a kid Greeting without kneeling and well in America they don't care and in Uganda you never find a kid disrespecting their parents or their elders. America is different from Uganda since most kids in America take their education for granted in other words America and because kids in America don't have that many responsibilities like kids in Uganda. Finally America and Uganda are different Because kids here don't know the struggle kids go through in Uganda.

Message from Drina Sasha Kasujja

Hi my name is Drina Sasha Kasujja and I am 11 years old. From what I have seen and compared both kids in Uganda and America have manners but in some cases some kids have more manners in Uganda than the kids in America but the kids in America can also have more manners than kids in Uganda. Sometimes kids in Uganda may have more respect for their elders yet kids in America can also have more respect for their elders. In conclusion both can be good kids.

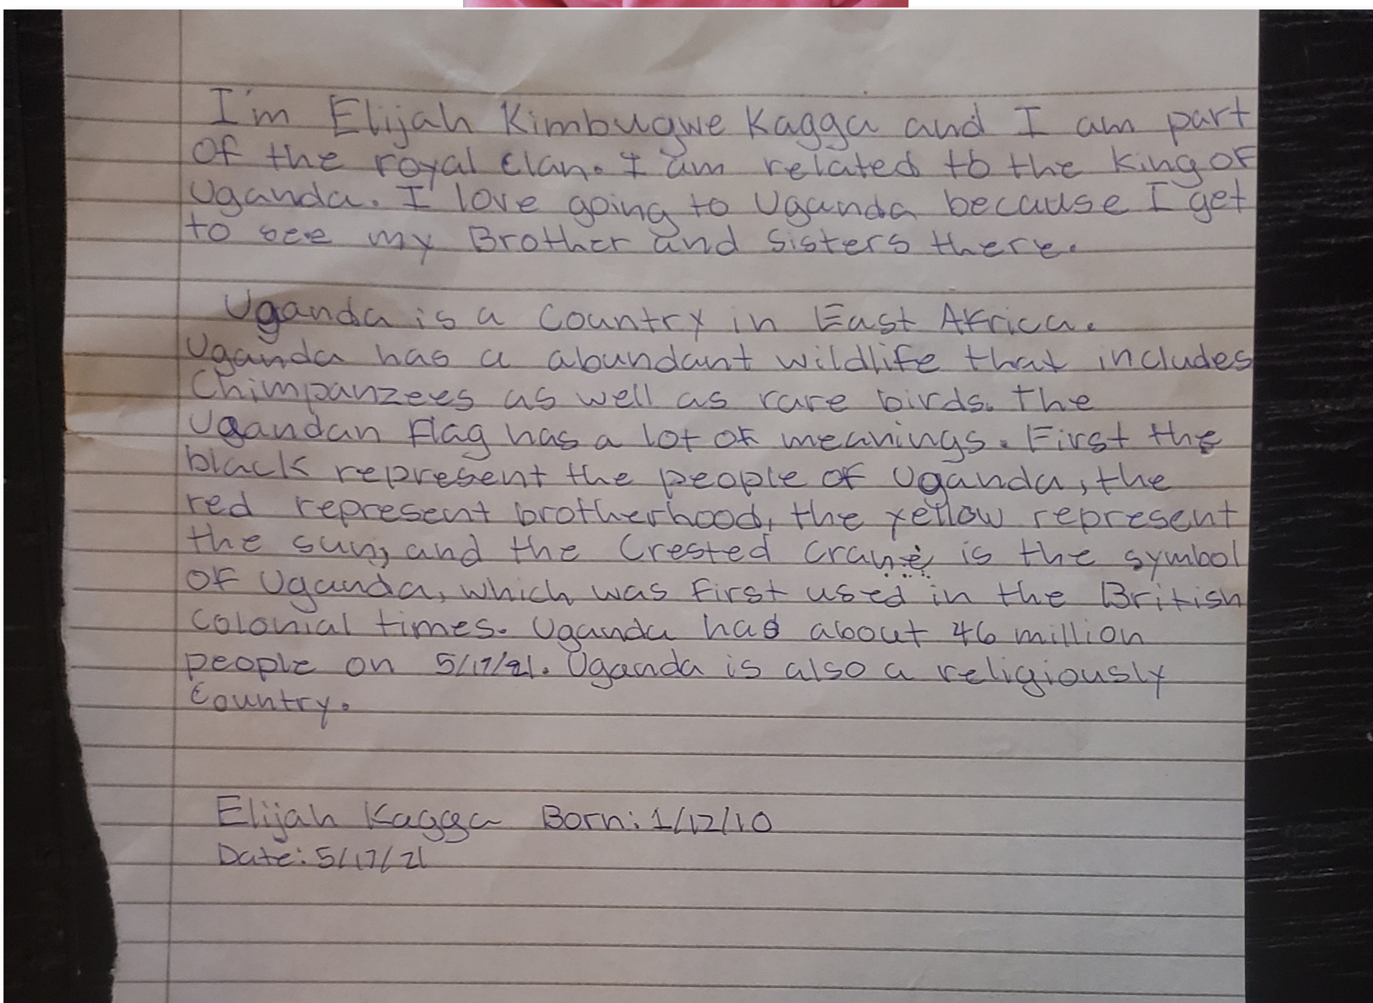
Elijah Kimbugwe Kagga



I'm Elijah Kimbugwe Kagga and I am part of the royal Clan. I am related to the king of Uganda. I love going to Uganda because I get to see my Brother and Sisters there.

Uganda is a Country in East Africa. Uganda has a abundant wildlife that includes Chimpanzees as well as rare birds. the Ugandan Flag has a lot of meanings. First the black represent the people of Uganda, the red represent brotherhood, the yellow represent the sun, and the Crested crane is the symbol of Uganda, which was first used in the British colonial times. Uganda has about 46 million people on 5/17/21. Uganda is also a religiously Country.

In Memoriam...

Paul Kyegombe was born on Feb 3rd, 1972. He attended Mugwanya Preparatory School in Kabojja, and then proceeded to St. Savio Junior School in Kisubi and then continued his high school studies at St. Mary's College Kisubi, where he graduated at the top of his class in 1991. He was accepted at the Makerere University School of Engineering but received a scholarship shortly after to Huddersfield University in United Kingdom, where he pursued his bachelor's and master's degrees and graduated with honors as an architect.

Upon graduation, he worked for Dyer Brown and Associates in UK. In 2000, he moved to Massachusetts and worked for Dyer Brown Architects in Boston. After a few years, he relocated to Atlanta, Georgia, where he worked for Farrington Design Group and Leo A Daly Company, before starting his own architectural firm.

Paul was also a talented artist. He loved painting everything from politicians, city skylines, celebrities, and community members.

Paul founded Atlanta Cranes, a soccer team composed of mainly Ugandans, one that he coached on the weekends until his final days. He was known as 'Coach K', he added social events to the Atlanta Cranes, such as the annual summer picnic and the end-of-year gala, events that brought the community together. He also started the famous Atlanta Cranes Soccer Magazine that had inspiring stories of all players with their children. Paul was also a strong supporter and member of Buganda Bumu and was actively involved in the 2017 Convention that was held in Atlanta, Georgia.

Paul passed away on April 14th, 2020 at his home in Smyrna, Georgia, and is survived by his son, Solomon. Paul was a man of many gifts and is sorely missed by the Atlanta community, BBNAC, family and friends. May the Lord Rest his Soul in Eternal Peace.

Tribute To Ms. Damalie Lwanga-Damalie Waffe From Her Dear Friends in Atlanta, Georgia

Damalie, was so special to me. Most of her friends referred to Damalie as "Damalie Waffe". I miss your smile and your wit. You will forever be in our hearts. Thank you for being a friend and ALL the good work you did for BBNAC, Agali Awamu South East Group, Atlanta community, and the entire UNAA community. I am forever grateful to God for letting us share your wonderful life, may you rest in eternal peace
-***Mrs. Georgina Nyakairu Kirunda.***

Damalie was a friend and a sister. She always checked on my family when she visited home. Rest in peace Damalie-***Mrs. Kazibwe.***

Damalie was as close as a sister, and truly a member of my family. We shared a lot of commonalities. A love for the outdoors, fun hang outs, dancing, traveling, humorous conversations, a close relationship with the Lord, and I could go on. It has been difficult looking at pictures and videos of the many times we enjoyed each other's company over the years. Reminiscing on jokes we shared has been therapeutic, but life as we knew it will never be the same without her. I know that healing the sore wound that her passing brought can only come from the Lord. So we will turn that pain into thanksgiving to the Lord who allowed us to share her life. May Damalie continue to rest in eternal peace.
-***Dr. Agnes Mugerwa Kasujja.***

Damalie was truly a good person who cared about her friends and loved them unconditionally. That's what I would say-***Ms. Sara Tusubira.***

IN LOVING MEMORY OF MY FRIEND Damalie.
Damalie was a good friend who respected each and everyone, l miss Damalie l will ever miss her smiles when l think about Damalie, it's like she went somewhere and she will be back, it's hard to believe that she went forever, although she is gone she is still with us . I will never forget her when she came to my house telling me that (naye nawe Rose wagenda waala)!!! Thinking about Damalie is unbelievable living life without her is so very hard. Damalie has always cheered me up whenever l talked to her. May the good Lord rest her in peace until we meet again-***Mrs. Rosette Katatumba.***

Damalie and I were friends for over 20 years. She attended the same High School- Nabbingo as my siblings and that is how I got to meet her when she moved to GA. We worked for the same Company-Rollins in Atlanta and also served on the UNAA Atlanta committee at the same time for two terms. We were around each other a lot and as our friendship blossomed we grew really close. She is someone I saw numerous times a week until Covid hit, but we still spoke on the phone regularly. Damalie was a very special friend to me who was there during the great and not so great times. She was always of great comfort to me, always encouraged me, listened to me and the list is endless. We shared a love of travel and I am grateful we got to do a lot of that together. She loved to dance and socialize and again we did tons of that with friends and the community at large. Damalie was known for her great sense of humor and everyone loved to listen to her funny stories/jokes. She was very generous and thoughtful with her time and would call to check on community members, the sick and comfort those who lost loved ones. She was very warm and always had a hug and kind word to share when you met. Her death was a big blow to me, my family and the community at large. We are thankful for the time we got to spend with her, and she will forever be a part of our lives. We love you and miss you.
Rest well my friend-***Mrs. Birungi Katongole-Tamale.***

Damalie, I remember the time we spent together laughing and talking about everything. We shall miss you a lot and may you rest in eternal peace, Damalie Waffe-***Mrs. Jackie Zziwa.***
